TOOLS
IMPORTER • DISTRIBUTOR

Company Profile

JPM TOOLS is a privately owned Australian importer and distributor supplying outlets throughout Australia and New Zealand with a broad range of hardware products.

JPM TOOLS has exclusive partnership distribution agreements in place to supply these markets with innovative, high quality products from global manufacturers such as Patience & Nicholson (NZ) Ltd, Snappy Products and Armatron International USA.

Our mission is to provide our customers with a range of quality innovative products, solutions and support with a high level of personal service and attention to detail. We endeavour to listen to our customers and meet their needs in everyday challenges and opportunities in the most efficient and professional manner possible.

We aim to maintain the growth of our business in developing relationships with our channel partners built on trust, respect, integrity and sustainable customer value. This will assure the strong financial success of our business and that of our partners over the long term.

We continue to build a vibrant, energetic, high performance culture within our business where our people are inspired and committed to our customers and values in all activities and decisions.

JPM TOOLS reserve the right to change pricing and/or product specifications without notice.

Evacut® products are manufactured by Patience & Nicholson (NZ) Ltd, a wholly owned subsidiary of Australia's leading cutting tool manufacturer, Sutton Tools Pty Ltd. This alliance with Sutton Tools has strengthened the position of Evacut® as one of the foremost precision cutting tool manufacturers internationally. The Evacut® manufacturing plant is located near Christchurch in the south island of New Zealand. The plant has been engaged in the manufacture of cutting tools for over 4 decades. As part of the Sutton Tools organisation and by virtue of their manufacturing experience, Evacut® is able to provide precision cutting tools to internationally approved ISO quality assurance standards.

Vallorbe is an industrial region in Switzerland famous for iron foundries and tool production since the 16th century. Three principal manufacturers in the region joined forces in 1899 to expand their sales of files through export, whilst carefully guarding their technology, trademarks and traditions. Today the range includes some 4,000 items including engineers files, chainsaw files, diamond files and other specialty items. The Vallorbe brand is recognised internationally and highly regarded for its quality and performance in service. All products carry ISO 9001/EN 29001 quality certification.
